Reviving old photographs

You can now effortlessly repair scratched or damaged photos online, or create short videos from photos

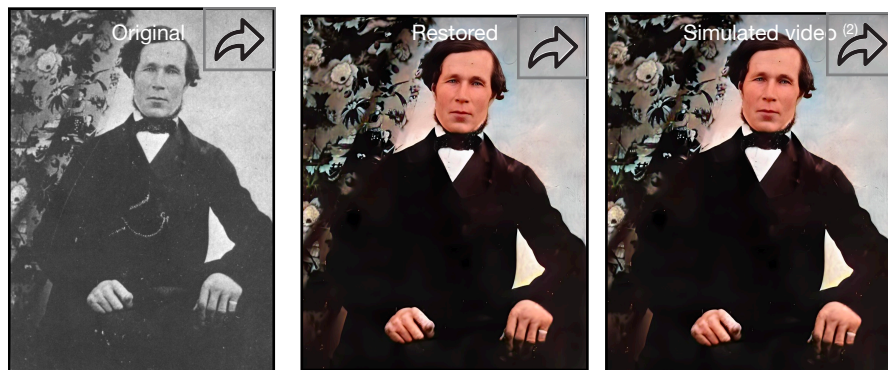

To retouch and repair your old photos of Levasseur ancestors, you have at your disposal some excellent image restoration software, able to help you eliminate imperfections on these old damaged photos. This restoration software is available through easy-to-use online programs. For photo animation, MyHeritage⁽¹⁾ has integrated the technology to animate the faces of historic photos and create realistic, high-quality video sequences.

We invite you to become a member of our association and contribute through articles, to enrich our archive center on the Levasseur and Carmel families.
