## New website on Irma LeVasseur

Go to: <https://irma.levasseur.org>

The website dedicated to Irma LeVasseur has been completely redone. It brings together several unpublished data on the life of Dr. LeVasseur, copies of census archives, her ascending genealogy to the ancestors Laurent Levasseur and Marie Marchand, links to videos, historical novels about Irma and many other documents.

The Association has undertaken several actions for the recognition of Dr. LeVasseur. The realization of this site required dozens of hours of work from your volunteers to carry out the research, corrections and assembly of the elements. Have a good consultation!

*We invite you to become a member of our association and contribute through articles, to enrich our archive center on the Levasseur and Carmel families.*
