

## L'Association des Levasseur d'Amérique inc

### Membership Report

---

MEMBERSHIP: Table illustrating the trend in membership number.

I've included a forward-looking trend to 2030

<b>ANNÉE</b>	<b>NB Membres</b>	<b>ANNÉE</b>	<b>NB membres</b>
2006	141	2020	100
2010	163	2021	88
2011	141	2022	77
2014	139	2023	73
2017	137	2024	69
2018	129	2025	66
2019	113 (15 août)	2030	50

The 2030 estimate is based on a 12% decline per year from 2020 to 2022 and a slower decline of 5%, due to attrition, for 2020 to 2030. Currently, 39 members do not access the WEB site. It also considers a natural attrition and also a decrease in the number of Quebecers. The Quebec population would be decreasing if it were not for immigration as shown by a report of the ISQ. (1). The average age of our membership is about 70 years old and that of our Board members is 79 years of age.

46% of our members are English speaking and 54% are French.
